

EK8100WS Petrol Power Cutter

The most Powerful and Lightweight power cutter in its class

- Easy and time-saving cutting even though hardest materials.
- Multi-functional switch lever : Choke, half throttle, and stopping can be controlled by a single switch lever.
- More efficient engine cooling : Obtained by using starter cover with bigger air intake area and new flywheel.
- Carburettor : Diaphragm type, Starter system : Recoil
- SLR muffler in compliance with all known exhaust emission regulations without using catalytic converter.
- Cutting arm position changes simply from centre position to flush (outboard) position allowing cuts directly adjacent to curb edges, wall or directly above ground.
- Four vibration-absorbing rubber engine mounts and two mass-dampening systems for reduced vibration.
- Aluminum guard and wheel pressure plates to reduce weight.
- Water kit is assembled to saw for use with garden hose, dolly and gravity feed tank (DT2010).

Specifications:

Wheel diameter:	405mm
Max. cutting depth:	147mm
Circumferential speed:	80m/s
Engine power:	4,5kW
Engine displacement:	81cc
Fuel tank:	1,1L
Nett weight:	10,6kg
